

Open Positions For PhD And MSc

The lab currently has open MSc/PhD positions focused on the use of clay-like nanoparticles as catalysts for the synthesis of alternative fuels and chemicals.

A successful candidate is:

- Curious
- Motivated
- Background in chemical engineering/chemistry/material science or related fields.

For more information on the group see <https://gazit.technion.ac.il/>. To apply send an updated CV to Asst. prof. Oz Gazit (ozg@technion.ac.il)
